What's Covered?

- **Permanently Installed Home Systems**
 - Includes heating, cooling, electrical, and water treatment systems.
 - Examples: Furnaces, air conditioning, hot water heaters, emergency generators, fire and security alarms
- **Personal Property**
 - Protects appliances and electronics from unexpected breakdowns.
 - Examples: Kitchen and laundry appliances, TVs, computers, and certain tools

Enjoy peace of mind with coverage that safeguards your home's essential systems and personal property.

Service Line Coverage

Service Line Protection provides essential coverage for the exterior underground utility lines that keep your home connected.

What's Covered?

- **Underground Service Lines**
 - Protects against damage to lines that provide water, power, and more.
 - Examples: Water, sewer, drainage pipes, power, gas, and communication lines
- **Unexpected Repairs**
 - Helps cover the cost of excavation, repair, and restoration of damaged lines.

From water and power to communications, your home relies on these vital connections. With Service Line Protection, you can avoid unexpected expenses and maintain the connections your home depends on.

Precision Ag Coverage

Precision Ag Coverage is designed to safeguard the advanced technology that powers modern farming. This coverage helps make sure your investment in precision agriculture stays protected.

What's Covered?

- **Precision Farming Equipment and Technology**
 - Includes key farm implements, stationary equipment, and electronics in the cab that are critical to your operation.
- **Spoilage and Consequential Damage**
 - Can help pay for spoilage or contamination of perishable goods following a breakdown.

Farming with advanced technology shouldn't come with added worries. With Precision Ag Coverage, you can keep your operation running without a hitch and protect the equipment that helps drive your success.
